

Junk Bay Refugee Camp

Reverend Father Alexander Ts'au of the Little Brothers of John the Baptist is the Chaplain appointed by Bishop Valtorta to minister to the needs of the 6,000 refugees from North China now resident in this Camp. He with other members of his Society live in a small wooden hut in the midst of the Camp. A matshed church was erected at the end of 1950. Since that time 102 persons have been baptized there. In the picture the children of the refugees can be seen with Father Alexander Ts'au before commencing classes in the Church-school.
