

FOR YOUR FUTURE PRIESTS

THE appeal of the Diocesan Church and School Extension Committee to Catholics in Hong Kong for help in the furnishing of the new Diocesan Seminary of the Holy Spirit has had a generous response particularly among Centres in Resettlement Areas and in the New Territory districts. From one of the Centres, that of the Tung Tao Tsuen Resettlement Area where there are some 3,500 Catholics, mostly very poor, nearly HK\$700 has been contributed consisting almost all of gifts of ten and fifty cents. Catholics in Un Long, Shatin and other New Territory villages organized likewise among themselves a collection to buy a piece of furniture for the use of their future priests. On the Island, in Aberdeen, pupils and teachers, Confraternities and Sodalities vied with each other in giving help.

To all these, and to the many individuals who contributed to the furnishing fund the Diocesan Committee expresses grateful thanks. Many items of furniture are still needed and the Committee will be grateful for any further donations to assure the furnishing of the Seminary before Easter.
