During the past week, 220 food packages have been distributed in Hongkong, and 80 in Macau. Each package is valued at U.S.\$5 and is the gift of an American Catholic family in the "Adopt a Family" Plan sponsored by the National Council of Catholic Women of America.

Each package contained 22 cattles of rice, 1 of sausage, 4 of beans, one of salt fish, and two bottles of peanut oil.

Two previous gifts of U.S.\$750 from the same source have been distributed during the past six months. Another gift of U.S.\$1,000 has been received and further packages are in preparation. These food packages to Hongkong refugees have been made possible through the Catholic Welfare Committee office here.
